Sir:

In response to the Office Action dated **December 11, 2002**, please amend the above-identified application as follows:

IN THE CLAIMS:

Amend claims 1-7 as follows:

1. (Amended) A radiator mechanism comprising:
a circuit board, including a front surface and a back surface, on which an exoergic part is to be mounted, said circuit board including a through hole; and
a heat pipe disposed between said front surface and said back surface of said circuit
